PRODUCT DATA SHEET

Product	Woodworm Killer (BPR Authorisation Number: UK-2019-1171-1-0015, IE/BPA 70492-01-007)
Type	Clear water-based Woodworm Killer
Intended Use	For the preventative treatment of bare wood against wood boring beetles and termites. Also for curative treatment against wood boring beetles. For professional and non-professional use. Interior use only.
Special Features	Ready-for-use water-based product, effective against a wide range of wood boring insects, i.e. woodworm. Low odour. Authorisation is for use class 1 in which the wood-based product is under cover and not exposed to weather and wetting. Interior use only.
Preparation	Ensure that timber surfaces are clean and free from previous coatings, grease and contaminants. Surfaces may be damp but Rustins Woodworm Killer should not be applied to decayed wood which should be replaced.
Application	Shake well before use. Apply by brush or low pressure spray.
Coats	Apply 2 coats for optimum effectiveness.
Drying Time	Between 10 – 15 minutes depending on temperature and humidity.
Re-coating Time	It is important that the second application is applied before the first is dry.
Application Temp.	Ideally 15 – 25°C. Do not apply below 10°C.
Coverage	For preventative use apply at 5 sq. metres/litre per coat. For curative use apply at 3.3 sq. metres/litre depending on absorbency of the surface.
Maintenance	Re-apply approximately once every 5 years.
Compatibility	Not compatible with previous coatings, grease and contaminants.
Settlement	Shake well before use.
Shelf-life/Storage	Store in a cool dry place with the lid tightly closed. Use within 2 years of manufacture.
Hazards	Contains Permethrin 2.5g/L [52645-53-1], 1-2-Benzisothiazol-2(3H)-one [2634-33-5], Alcohols (C9-11), Ethoxylated [68439-3] Very toxic to aquatic organisms with long-term adverse effects in the aquatic environment. Keep out of reach of children and pets. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. After contact with skin, wash immediately with plenty of water. Wear protective clothing, gloves and eye/face protection. A full Safety Data Sheet is available on request and on Rustins Web Site.
Clean-Up	Clean equipment with water.
Sizes	250 ml, 500 ml
