Rustins

GOLD PAINT

FOR INTERIOR & EXTERIOR USE

STIR WELL BEFORE USE

Rustins Quick Drying Gold Paint is based on a high quality water-borne, cross-linking acrylic resin. It is a gold effect paint that can be used on wood, metal and both interior and exterior surfaces. The maximum heat resistance is approximately 105°C. Not for use on oil filled radiators.

Preparation

The surface to be painted must be clean, dry and free from grease and wax. If applying to metal, remove as much rust as possible by scraping or with a wire brush. If any rust remains, it may be removed with Rustins Rust Remover. The paint can be applied to bare wood and metal but for best results, apply Rustins Quick Drying Primer/Undercoat to wood or Rustins Red Oxide Metal Primer to bare metal.

Application

Stir well before use until there is no sediment in the bottom of the can. Apply liberally with a synthetic fibre bristle brush. Two coats will provide adequate coverage, but three coats are recommended for improved durability.

Re-coating Time

The paint will be touch dry in approximately 30 minutes depending upon the temperature and humidity and can be re-coated after a minimum of two hours. Do not use below 10°C, in damp conditions or if rain is imminent.

Coverage

This tin will cover approximately 3-3.5 sq m per coat.

Cleaning

Clean brushes immediately after use with water. Hard brushes may be cleaned with Rustins Brush Restorer.

Disposal (pollution prevention)

Some local authorities have special facilities for disposal of waste paints/varnishes /coatings. Do not empty product into drains or watercourses.

Storage

Store in a cool dry place with the lid tightly closed. Protect from frost.

HEALTH AND SAFETY: Contains a mixture of: 5-chloro-2-methyl-2h-isothiazol-3-one [ec no 247-500-7] and 2-methyl-2h-isothiazol-3-o. May produce an allergic reaction. Keep out of reach of children. Do not get in eyes, on skin, or on clothing. Wear protective gloves and eye protection. IF SWALLOWED: Call a POISON CENTRE or doctor if you feel unwell. IF ON SKIN: Gently wash with plenty of soap and water. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
