

Quick
Dry

Rustins

Matt Black

For wrought iron & wood

STIR WELL BEFORE USE

If not stirred until there is no sediment at the bottom of the tin, the paint may dry with a gloss finish.

Rustins Quick Drying Matt Black Paint is a smooth matt finish that is ideal for use on wood & metal. For interior & exterior use.

Preparation

The surface must be clean and free from wax and grease. If already painted, remove flaking paint by scraping or with Rustins Stryit Paint and Varnish Stripper. If applying to metal, remove any rust with a scraper or with Rustins Rust Remover and apply one coat of Rustins Red Oxide Metal Primer. It is not necessary to apply Knotting to knots on bare wood, but if the wood is very absorbent, a coat of Rustins Primer & Undercoat may be applied before applying the Matt Black Paint.

Application

Apply liberally and evenly with a synthetic fibre brush. Do not apply at temperatures below 10°C or in conditions of high humidity.

Re-coating Time

The paint will be touch dry in approximately 30 minutes depending upon the temperature and humidity and can be re-coated after a minimum of two hours.

Coverage

This tin will cover approximately 3.5 sq m per coat.

Cleaning

Remove as much paint as possible and return to this container. Brushes should then be cleaned immediately with water. If the brushes become hard, they may be cleaned with Rustins Brush Restorer or Rustins Cellulose Thinners.

Disposal (pollution prevention)

Some local authorities have special facilities for disposal of waste paints/varnishes /coatings. Do not empty product into drains or watercourses.

Storage

Store in a cool dry place with the lid tightly closed. Protect from frost.

HEALTH AND SAFETY

Contains a mixture of: 5-chloro-2-methyl-2h-isothiazol-3-one [ec no 247-500-7] and 2-methyl-2h-isothiazol-3-o. May produce an allergic reaction. Keep out of reach of children. Wear protective gloves and eye protection. Do not get in eyes, on skin, or on clothing. IF SWALLOWED: Call a POISON CENTRE or doctor if you feel unwell. IF ON SKIN: Wash with plenty of soap and water. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
