

Rustins metal lacquer

Clear • Quick drying • No more cleaning

Keeps the shine on Brass, Copper, Chrome, Silver, Aluminium & most polished metals.

Strip old lacquer if present with Rustins Strypit Paint & Varnish Stripper. Clean and polish surface with Rustins Metal Shine or any other metal polish before applying lacquer. Remove all traces of metal polish with warm soapy water and dry with a lint free cloth or paper towel.

Re-coatable in 2-3 hours in good conditions. For best protection, apply a minimum of 2 coats. Do not apply in damp weather conditions. Apply with soft brush quickly and evenly.

Clean brush in cellulose thinners.

Coverage: 1 litre will cover approximately 11-12 sq. m. with 1 coat.

Rustins Metal Lacquer is not suitable for use on some metals such as mild & stainless steel. We recommend you test an area for compatability.

HEALTH & SAFETY

Do not breathe vapours.

IF ON SKIN (or hair):

Remove immediately all contaminated clothing.

Rinse skin with water.

Wear eye protection.

IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.

IF IN EYES: Rinse cautiously with water for several minutes.

Remove contact lenses, if present and easy to do. Continue rinsing.

In case of fire: Use carbon dioxide for extinction.
